

Executive Summary

These standards govern software development across Neura AI’s 312 engineers building the Neura Platform, Neura Insights, and Neura Connect products. Compliance is mandatory for all code merged to main branches.

Coding Standards

- Python: PEP 8, type hints required, 80% unit test coverage minimum
- TypeScript: ESLint strict mode, no any types in production code
- All APIs must follow OpenAPI 3.0 specification with versioning
- Database migrations require DBA review for tables exceeding 10M rows
- Feature flags required for all user-facing changes
- Dependency updates: critical CVE patches within 72 hours

CI/CD Quality Gates

Gate	Requirement	Tool	Blocking
Unit Tests	>= 80% coverage	pytest / vitest	Yes
SAST Scan	Zero critical findings	Semgrep	Yes
Integration Tests	All pass	GitHub Actions	Yes
Performance	p95 < 200ms	k6	SEV-1 features only
Security Review	Threat model for new services	Manual	Yes

Example Scenario: Production Hotfix Process

A critical bug in the billing module requires emergency patch. Engineer creates hotfix branch, obtains Engineering Manager approval, runs abbreviated CI pipeline, deploys via canary to 5% traffic, monitors for 15 minutes, then promotes. Finance notified if billing calculations affected.

Definitions

Trunk-Based Development: Short-lived feature branches merged to main at least daily.
Definition of Done: Code reviewed, tested, documented, deployed, and monitored.
ADR: Architecture Decision Record documenting significant technical choices.

Appendix 1: Supplementary Reference Material

This appendix provides additional context for Neura AI enterprise operations.

Governance and Review:

- Document reviewed quarterly by department leadership
- Next scheduled review: Q3 2026
- Compliance alignment verified against Operations/Compliance Framework.pdf

Related Metrics Snapshot:

- Total employees: 847
- FY2025 revenue: \$142.3M ARR
- FY2026 forecast: \$198.7M
- Customer count: 1240
- Platform NPS: 62

Department Coordination Notes:

- Engineering_IT: Technical implementation and security controls
- Finance: Budget allocation, expense approval, and financial reporting
- Human_Resources: Policy compliance, training, and employee communications
- Marketing: External communications and brand consistency
- Operations: Process governance, compliance, and vendor management
- Executive: Strategic alignment and board reporting

Document Control:

- Master copy maintained in corporate document management system
- Previous versions archived for 7 years per retention policy
- Unauthorized distribution of Confidential or Restricted documents is prohibited
